Sofia

Thankyou for showing interest, here is a quick story of me and this website. My programming journey started back in 2013, few months before I started studying C++ at high school. I am currently in my first year of phd and doing reasearchs on green ccomputing and green IoT. I like coding all kind of problems from the very basic like adding numbers to the complex ones like competitive programming problems. I love making projects and apps. Infact this website is one of my Web Development Projects which is built using HTML and CSS.

Languages known : C Language, C++, JAVA, Python, JavaScript, MySQL.
IT Constructs : Data Structures and Algorithm, HTML, CSS, LINUX, and Git & GitHub.

PROJECTS

Calendar
